

Ready for Lions Candy Day for the Blind. Left to right, Lions Ward Lear, Ray Jensen and William Brook. Mr. Brook presents Mr. Jensen for a check to pay for the candy, the State Bank's contribution to the drive.

## Candy Helps Lions To Help The Blind

Friday, October 6, will find local Lions Club members on the streets and at highway intersections around the village trading rolls of candy for your donation to the welfare of the blind.

Last year, about 70 Lions worked on the Candy Day promotion, and realized a sizeable sum of money to aid the Lions Club in their program of helping the blind. Ray Jensen, chairman of Candy Day, reported that each candy roll given out brought in 25¢, 1/2¢ more than the average.

The State Bank of Antioch is donating enough cash to pay the cost of the candy given out in Antioch on Candy Day, so all the money taken in is profit.

Illinois Lions hope to realize \$500,000 on Candy Day this year. This helps to support the many programs for the blind conducted by the Lions, including Hadley School, Leader Dogs, Illinois Camp Lions for visually handicapped children, Dialogue, a recorded service for the blind and the Illinois Society for the Prevention of Blindness.

In addition to these activities, Candy Day funds support many community services for the blind.

### Check Those Worn House Numbers

Want to help yourself and the Antioch Police? How about putting a fresh coat of paint on those weatherbeaten house numbers?

It's not easy to locate specific addresses in a hurry, an Antioch policeman pointed out, when many of the numbers are so faded it's difficult to see them. And it's especially hard at night.

The Rescue Squad and even deliverymen would benefit from prominent house numbers and names, too. And if you're in an area where you have mail boxes, check the condition of your name on that, too.

If you feel inclined to use fluorescent paint, the police and others looking for your house will give you a little extra blessing.

## Nustra To Get Ellaphant Award

The Antioch Township Republican Club nominated Frank J. Nustra, County Recorder and stalwart Republican, to receive the 1967 ELLAphant Award, Eugene Zannini, club president, announced today.

For years Nustra has doggedly devoted his energies and labors to further the causes and fortunes of the Republican Party, quietly and efficiently, with never a demand for acclaim or gratitude, Zannini said. Now the ATRC, in recognition of all this, will pay Nustra the honor due him, Zannini said.

Presentation of the award will be made at the ATRC Murphy-Murrie Day Golf Outing and Dinner Party, on Wednesday, October 4, being held at the George Diamond Country Club.

Former Governor William G. Stratton will be the principal speaker, and his remarks are eagerly awaited by his many friends and followers. Communication channels are rife with rumors of his intended entrance in the gubernatorial race. He has not voiced his plans in politics or anything else to ATRC leaders, so they are saying nothing in this regard; neither affirming, denying or maybe-ing.

ATRC members who are in charge of the all-day bash include:

Party Committee: Tom Griffin, Agnes Van Patten, Harry Stern.

Awards: Herb Horton  
Prizes: Richard Striblein,  
Tickets: Elmer Eberman.  
Host: Chester Golonka.

Agnes Van Patten, Herb Horton.

Flowers: Lillian Golonka.  
Golf: Ole Mathisen, Pete Schaffer, Pete Hawks, Bernie Osmond.

Master of Ceremony: Herman Behm.

Publicity: Harry Stern.  
Golfing will start at 9:30 a.m., fun all day in the club house, cocktails at 7 p.m. and dinner at 7:30 p.m.

(continued on page 3)

Mr. and Mrs. William Stratton. Mr. Stratton will be guest speaker at the Murphy-Murrie Day outing of the Antioch Republican Club.

## Water Fight Team Gets Trophies

The Antioch Fire Dept. Water Fight team took third place in two competitions over the past weekend.

Saturday they participated in water fights with 19 teams from Lake and McHenry counties. Antioch was the only Lake county team to finish in the top three.

The first place trophy went to Woodstock and second place to Carpentersville, with Antioch third. The trophies were awarded by the host Wauconda team.

Sunday the team traveled to Gurnee where 15 teams from Lake county fought it out. The final standings were Wauconda first, Round Lake second and Antioch third.

The Antioch firemen recently built a new trophy case to hold all their awards. The men on the team are Frank Kuechenmeister, Ron Cunningham, Vernon Burdick and Bernie Gutowski.

### Murphy Appointed To House Committee

Representative W. J. Murphy (R-Antioch), from the 31st District, has been appointed by House Speaker Ralph T. Smith to the committee on Seaport Development Advisory Committee.

The Seaport Advisory Committee, in cooperation with the State Department of Agriculture, will participate in inland and overseas freight negotiations, litigation and legislation in order to secure the best possible freight rates for the shipment of agricultural and manufactured products through the Illinois seaports. The committee will establish a freight rate information service for U.S. and foreign (continued on page 3)

# Student Council Plans For Homecoming

Homecoming weekend at Antioch Community High School will start Friday night, October 6, with a pep rally and bonfire at the school starting at 7 p.m.

"Sequoia Siege of '67" is the theme for Antioch's homecoming this year.

The Queen will be announced at the pep rally again this year so that she can take part more fully in the Homecoming activities.

The pep rally will also feature a guest speaker, football coaches and players, cheerleaders and the pep band. The bonfire will follow the pep rally.

A free sock-hop will be held in the boys' gym annex after Friday night's activities.

The Homecoming parade will start at 10 a.m. Judging of class floats and cars will start at 9 a.m.

Kickoff for the Homecoming game will be at noon for the junior varsity and 2 p.m.

for the varsity. The Sequoia Bulldogs.

Various Student Council groups are making arrangements for the activities of Homecoming weekend. The committees and chairmen are as follows: Parade — Don McMahon and Glen Bocox; Queen and Court, Janet Mey-

er and Denise Prather; Decoration, Wendy Jensen and Jackie Pyles; Pep Rally, Karen Sheehan; Refreshments, Debbie Zeason; Invitations, Donna Garrison; Alumni Book, Sally Krieger; Pins and Concessions, John Prossie and Louie Nielsen, and Publicity, Denise Prather and Janet Meyer.

## Grade School Levy Goes Up \$150,000.

The Antioch Grade School board Tuesday night approved the budget and levy for the school for 1967, with an increase of almost \$150,000 in the tax levy.

The big jump in expenses came in the educational fund, where almost \$100,000 more is called for this year. Superintendent Richard Whitacre said part of the increase can be attributed to the reopening of Channel Lake School, with the need for six additional teachers to staff the school. Raises in teachers' salaries account for most of the remaining hike.

A new item in the budget, Fire Safety, accounted for \$23,366. Whitacre explained that this represents work done on Channel Lake and

Antioch buildings to bring them up to state requirements. As directed by the state, all buildings built before 1955 had to be surveyed and Fire Safety requirement met. The work at Channel Lake School is now completed. The board is allowed to levy an additional 5% of the assessed valuation each year to meet this cost until the cost of bringing the buildings up to requirements has been met.

The total levy for 1967 is \$631,671; in 1966 it was \$483,880. Of this, the educational fund accounts for \$440,000; in 1966, it was \$342,000. Transportation, \$32,000; in 1966, \$30,400; Building fund, \$102,000; in 1966, \$72,150; Municipal Re-

tirement, \$8,500; 1966, \$8,400; Working Cash, \$20,000; 1966, \$19,000; Fire Safety, \$23,366. (\$11,501 at Channel Lake School, \$16,775 at Antioch building); Liability, \$810; in 1966, \$510.

The total enrollment at the Antioch Grade Schools this year is 1,133. This includes 511 at the Antioch building, 475 at Oakland, and 147 at Channel Lake.

Bids on converting the oil furnace to gas were opened, and the contract was awarded to the low bidder, Carey Electric. Bids were also submitted by Avery, Lake Villa, and Standard Engineers of Waukegan.

The meeting of the Tri-County School boards will be held October 19 at Deerfield High School. Board members, administrators and custodians from the Antioch Grade Schools will attend.

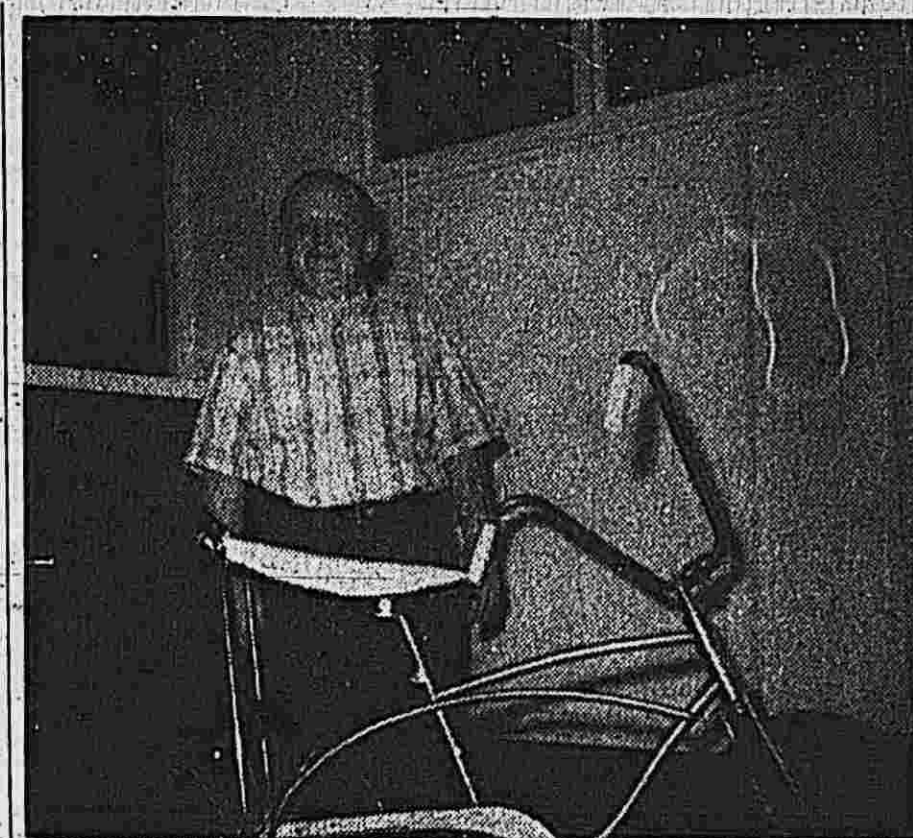

### Library Board Postpones Meeting

The meeting of the Antioch Township Library Board is postponed from Sept. 27 to October 10. The meeting is held at the Antioch Grade School.

The Library Board is working on plans to build a new library.

## Earns New Bike In Two Days

Ricky Wimbs, 10 years old, of Channel Lake, is a boy who doesn't waste time. He wanted a new bike, so he sold twelve subscriptions to The Antioch News in two days last week, and claimed his bike the third day.

Ricky is the son of Mr. and Mrs. Ruble Wimbs, Rt. 3, Antioch. He's in the 5th grade at Channel Lake Grade School.

Ricky got his entry blank and rules at The Antioch News office last Friday. Monday, with his 12 subscriptions

sold, he came in and picked up his bike.

He chose the Renegade, the model most popular with the youngsters.

Ricky had a bike, but his mother backed the car over it and crushed it. Well, now he has a nice new one to replace it.

Anyone interested in earning a new bike may pick up an entry blank and rules at The Antioch News office. You just sell twelve new subscriptions to The Antioch News to win your bike.

## ACHS 1967 Tax Levy \$860,000.

The Antioch High School Board of Education last Wednesday night approved the 1967 tax levy in the amount of \$868,100. Of this, \$648,000 represents the sum needed for the educational fund.

Four staff members reported on the summer school program. Reports were given by Arthur Biecke, Mrs. Mary Seemann, Bernard Fosmark and Roger Andrews. The reports dealt specifically with the Language Arts Improvement course for incoming freshmen who are deficient in reading skill.

The board also heard a report on the work done on

the pond on the north end of the athletic field. The pond was recently dredged out and deepened and the banks built up and seeded. A fence was erected north of the pond.

The pond drains surface water from the athletic area. Excess water flows east through a tile to Sequoit Creek.

Because Columbus Day, October 12, has been declared a legal holiday, the board extended the school calendar one day to compensate for the holiday. School will recess next June 7.

## Pack 150 Parcels For Viet Nam

Eight of the men who work at the Antioch Post Office and their wives got together at the home of Earl Walters last Thursday to prepare packages of assorted items to send to Antioch servicemen in Viet Nam.

It's all part of the work that goes into Project Viet Nam, Antioch's own project for sending a greeting and a bit of cheer regularly to any resident of the Antioch area who is in Viet Nam in connection with the war.

The men and their wives prepared 154 packages. Fifty-four packages were mailed the next day, one to each serviceman and a few to hospitals. Shipping of the rest of the packages will be staggered one week apart so that the boys will get packages regularly.

Dehydrated soup, Kool Aid, pens, candy rolls, a toothbrush, writing paper and paperback books were included in the packages. The boys especially treasure the soup during long hours of night duty.

Two new names have been added to the list of men in Viet Nam this past week—Kenneth J. Anderson and Pfc. Michael Johnson. There are about 50 boys from the Antioch area serving in Viet Nam and receiving the packages regularly. Any parent or friend may submit the name of anyone from the Antioch area who is now in Viet Nam, and his name will be added to the list.

The men at the post office received a letter from a nurse at the 85th Evacuation Hospital in Viet Nam, thanking them for the packages. She wrote:

Gentlemen: Your packages were received and welcomed. All the articles were distributed to our patients and personnel. Rest assured that your good wishes and the comfort items that accompanied them were most appreciated.

Very truly yours,  
Katherine Galloway  
Major, ANC

Here at the News, we received a letter from Sgt. James W. Waters, formerly of Antioch and now in Viet Nam, informing us of his

activities and including a thanks to the people of the town for Project Viet Nam:

Dear Staff:  
I have been reassigned from the Headquarters Squadron Section to 6200th Munition Maintenance Squadron as First Sergeant, effective August 17.

Upon my rotation back to the States in March '68, I will be home on leave for about 30 days prior to attending the Air Force Recruiter's School at Lackland AFB, Texas, which is about 8 weeks long. Upon successful completion of the school, I will take up duties of Air Force Recruiter at the Air Force Recruiting Station at Waukegan for Lake County.

Before I close, I wish to thank again the good people of Antioch, particularly Joe Wolf, the post office staff, and all of the helpers and contributors for their generous and thoughtful "SAM" packages. They are appreciated and I look forward to receiving them. Again, Antioch, thanks.

Sincerely,  
James W. Waters

Many Antioch people contribute regularly to Project Viet Nam, helping to pay the cost of postage and some of the items purchased. This week's donors are: State Bank of Antioch, Pickard, Inc., Chicago Ink & Research, E. H. Glenn Well Drilling, Colonial Funeral Home, Helen Dowell, Laura Swanson, Jo Dompke, William Gleason, Joseph Valla, Mr. and Mrs. Otto Hanke, Mr. and Mrs. Grefkovic, Mr. and Mrs. Rampp, Mr. and Mrs. Lampe, Mr. and Mrs. R. Harj, Mr. and Mrs. G. Anzinger, Mr. and Mrs. Paul Ferris, Mr. and Mrs. Hostetter, Mr. and Mrs. Al Lasco, Mr. and Mrs. Jesse, Mr. and Mrs. Marquart, Mr. and Mrs. Matejka, Nelson Real Estate, Kinast Nursery.

The special Antioch envelopes prepared by Joe Wolf and Harry Brehen are going good. About 2,000 were sold last week. They are available at the Antioch News office at cost, 1c each.

The envelopes have a two color picture of servicemen and carry the inscription, "Antioch is Proud of the United States Armed Forces."

These willing workers packed 154 packages last week to mail to Antioch servicemen in Viet Nam. Left to right, front, Postmaster Joe Wolf, Mrs. Gerry Brehen, Mrs. Anne Chiuffo, Betty Vanderkloot. Back row, Art Doty, Joe Chiuffo and Earl Walters.

### Theft Rate Soars

Thefts in Lake County are increasing, and apparently little, if anything, is being done about it.

News reports tell of new break-ins almost daily. Particularly noticeable is the increase in thefts from homes of such items as TV's, radios and other small electrical appliances. These are things that can be easily transported and easily re-sold with little chance of police tracing them.

Also increasing is thefts of boats and motors, always troublesome in the lakes area.

Formerly, a rash of thefts usually ended in the arrest of a group of youths. The arrest served not only to end the activities of that particular group but deterred other thieves.

Some figures of the sheriff's office tell the story of the increase in thefts, and of the remarkable lack of activity in solving them.

In July, 1967, 46 cases of burglary with forced entry were reported to the sheriff's office. In 1966 in the same period, 19 were reported. This year, one of the 46 cases was solved and an arrest made; in 1966, 3. The total number of such cases reported in 1967 to the end of July was 221; in 1966, 198. In cases of larceny, \$50 or over, in July, 1967 twenty-nine cases were reported to the sheriff's office and one solved; same period in 1966, 14 reported and 9 solved.

Auto thefts apparently remain almost constant. July, 1967 shows 5 reported, 5 solved, but remarkably, no arrest made. July, 1966 shows 7 auto thefts with five solved and five arrests made. The total to the end of July for 1967, 35; for 1966, 39.

In other crimes such as assault, rape and armed robbery the incidence of crime seems to stay almost constant.

Maybe one reason so little is being accomplished in discouraging the type of hoodlum who breaks into homes is the demotion of men who failed to support the sheriff in his campaign for election. Rounding up this type of criminal is a special skill plus a willingness to spend a lot of off-duty time following leads. If this is one of the reasons, we'd like to see anyone with any ability in this line re-instated. It would be nice to be able to leave home for an evening without wondering what will be gone when we return.

### Courthouse Notebook

BY LOU DURKIN

Action of the Republican State Central Committee last week in voting against a nominating convention for GOP candidates at the state level for next June's primary has apparently killed any suggestion for such a convention but the County Chairman's Association has not given up the fight as yet.

Many of the county chairmen feel that victory in 1968 depends on the nomination of candidates who can be sold to the voters and they are fearful of primary contests that will add new schisms within the party ranks.

There has been talk of a rump convention of county chairmen who would endorse candidates for state office, but it is unlikely the local bosses would openly defy the state central committee.

Elimination of the state nominating convention does not entirely eliminate the possibility of a county convention, however, and those who supported the convention idea in 1966 can be expected to come out in favor of another "enclosed" primary in 1968.

Some of the sub-contractors who worked on the first phase of the new county building complex are grumbling because they have not received full payment for their work even though their part of the building was completed several months ago.

One in particular has had \$40,000 coming on final settlement for seven months and he is less than happy with the delay.

He was the low bidder in his field for the second phase of the complex and has been given the contract, but he indicated he may withdraw.

He is especially displeased because he can't seem to get a firm commitment from the Lake County Building Commission, the architect or anybody else concerning the ultimate payment.

The selection of former Gov. William G. Stratton as the principal speaker at the golf outing and dinner slated for October 4 by the Antioch Township Republican Club is certain to spark new talk about the ex-Governor's political plans for the future.

There are many long-time Stratton followers who are anxious to see him return to the political wars and even if he does not seek an elective office they would welcome his leadership in lining up behind one of the candidates for state office.

Despite eight years absence from the political spotlight Stratton still wields considerable influence in party circles and he would be a powerful addition to any candidate's camp.

And it is not beyond the realm of possibility that he might step forward as a unifying force if it appears the state primaries are going to be too divisive.

The golf outing at George Diamond's Steak House will honor two favorite Antioch sons, State Representative W. J. Murphy and Supervisor Lloyd Murrie, who is also serving his second term as

### Your Congressman Reports...

By Cong. Robert McClory

The President and the Congress are juggling a hot potato popularly known as a "10% tax surcharge." Back in January, when the President delivered his budget message to the Congress, this proposal was announced originally as a "6% surcharge." More recently, in a special message, the President boosted the rate and revealed some glaring miscalculations in his earlier budget estimates.

What irks many Members of Congress is that the President lays responsibility for our fiscal dilemma at the congressional doorstep. The Congress, on the other hand, is demanding a reduction in Federal expenditures—which the President alone can control.

The dilemma on Capitol Hill is complicated when such free enterprises as the National Association of Home Builders and the American Bankers Association declare that a 10% surcharge is fully justified. However, these and other organizations appear to be primarily interested in the welfare of their own members. They appear to feel that the Administration is determined to spend in excess of its current revenues, and that if the difference is not raised by taxation the Government will be competing for available credit with the banks and homebuilders and will, so to speak, "dry up" the money market.

Fortunately, spokesmen for the United States Chamber of Commerce and literally dozens of other business and taxpayer organizations have emphasized that the solution lies in a reduction in government spending. Walter Winter, Vice President of the United States Chamber, testifying before the House Ways and Means Committee, pointed out that a Treasury deficit could be financed by short-term borrowing. He stated that any resulting increase in interest rates would help the balance-of-payments problem without draining funds from savings and loan associations and other lending institutions. He called also for "immediate major cuts in nonmilitary spending."

The sharpest blow to the administration's plan was voiced recently by Senator William Proxmire of Wisconsin, Chairman of the Joint Economic Committee. On the Floor of the United States Senate he pointed out, dramatically, that the Administration could cut federal spending presently, by \$9-billion and avoid any increase in taxes. Even more explicitly, Senator Proxmire designated specifically where the Administration cuts could be made: (a) public works, (b) space program, (c) reduced military expenditures in Western Europe, and (d) postponement of the supersonic transport project.

Although the Administration appears not to have an answer to the Senator's proposal, it is driving with headstrong determination toward this new "temporary tax," which it has named innocuously as a "surcharge."

The hot potato juggling is apt to continue for several weeks to come, with the prospect of a tax increase becoming more and more unlikely as the debate continues.

The dilemma in the White House is intensified by a seeming desire to placate the critic of the Vietnam war by promising more and more Great Society "goodies."

Thus, the "doves" are being urged to support the tax surcharge in order to continue and, indeed, augment domestic programs. At the same time, the "hawks" are informed that the tax surcharge is fully justified in order that the war against Communist aggression may be successful.

To the President, these disparate views may seem neither alarming nor inconsistent. Nevertheless, they help to explain the intense struggle between Capitol Hill and the White House and why such an unorthodox economic philosophy may be jeopardizing our national economy.

Father Joseph Koch, formerly of St. Ignatius High School in Chicago, will succeed Father Liska as Regis Hall rector.

Dear Editor:

I am writing this letter in the hope that your readers will do something to curb the use of guns around our homes, over here at East Loon Lake and surrounding areas. My son has been hit by a 22 cal. bullet and has spent 2 1/2 hours in surgery to repair the damage, and we still do not know how well he will be. Every year more and more people take up the sport of shooting around our homes. I was told that a 22 cal. bullet can kill at a mile. Do you realize you can get hit sitting in your own house and be killed or crippled for life? How about the youngster who is using a 410 or a 16 gauge or a 12 gauge shotgun, all deadly at close range? If you have anyone in your family who is using a gun please do something about it, as the agony is great for the family who gets hurt and the family who is responsible.

It is illegal to shoot guns in a subdivision; and our subdivision is posting signs to that effect. There are trap ranges for shooting. Please try to do whatever you can in your subdivisions, so that you won't have to go through the heartache I am going through. Thank you.

Sincerely,

## Solar's Fearless Forecast Nixes Severe Winter

If you've been dreading that long severe winter that the self-styled forecasters have been predicting, relax. Tain't so, says Antioch's own weather expert, Dr. Charles Solar.

Dr. Solar being one of those doctors who treat

aches-and-ailments-of-the-feet, you might think that his forecasts are predicated on how many painful corns he has dealt with recently. However, this is not the basis of his weather knowledge.

Dr. Solar is also a passionate lover and pursuer of mushrooms in his spare time. He roams the woods and fields on every occasion looking for his favorite food and the condition of the mushroom crop is the factor that tips him off as to what the seasons will bring.

We're going to have an early, mild winter, says Doc. That heavy snowfall that Mathon Kyritsis predicted for November 1 simply isn't going to happen.

We won't get a really hard freeze until January, says Doc. Frequent snows, but none of the heavy snows that marked last winter.

The coming winter will be similar to the 1966-67 winter minus the record snows, says our weather expert. In November we'll catch up to normal or above moisture.

October, says Dr. Solar, will be a month of pleasant weather.

While predicting the weather, Dr. Solar adds a word of caution for mushroom hunters. There is a variety of mushroom now plentiful that looks good but isn't good for eating. Warm weather has stimulated their growth. So know what you're picking. If you're going to hunt mushrooms.

Not all the people trying to keep up with the Joneses are social climbers. Some are bill collectors.

**BIRTHS AT LOWEST LEVEL**  
Live births in Illinois reached their lowest level in 16 years during 1966, a special report of the Illinois Department of Public Health has revealed.

For the first time since 1950, birth dropped below the 200,000-a-year mark with a grand total of 199,289. The highest record of births was in 1959, when a total of 239,871 were recorded. The records are kept by the Health Department's Bureau of Statistics.

The same report also listed the number of deaths in Illinois at the highest peak for the same period. Deaths were listed at 109,448 in 1966. Lowest in the 16-year period was 92,260 in 1950.

# 300 Give Rescue Squad A Boost

The Antioch Rescue Squad Golf Outing got a helping hand from the weatherman last Wednesday. It was a beautiful day for golf and about 150 golfers turned out. Three hundred were present for dinner in the evening at the George Diamond Country Club.

John Teresi, of Teresi Chevy-Olds, had promised a new car to anyone who could make a hole in one on the fourth hole. Despite many attempts, no one won the car. Next year, says Big John, he's going to donate the car to the Rescue Squad, as no one seems to have any luck winning it.

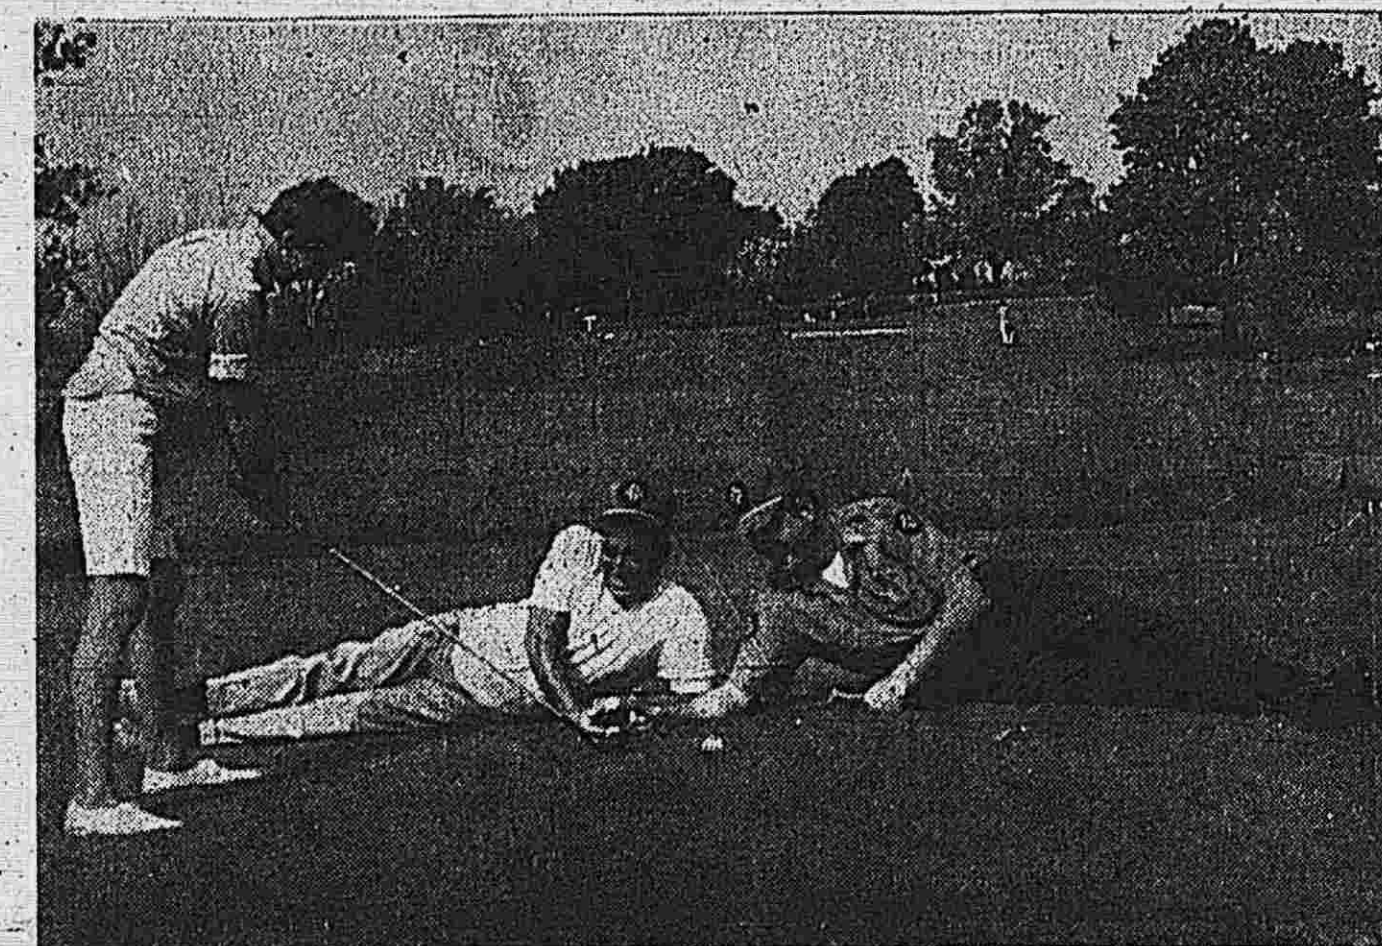

A color TV was given to the golfer who came closest to the cup on the fourth hole. It was won by Art Baffis of Chicago, whose ball was six feet from the cup.

The TV was donated to the squad by Bob and Bill Wilton and Lew Simon.

The Rescue Squad Golf Outing and dinner is an annual event, with all the proceeds going to help support the Antioch Rescue Squad in its work.

## Give Schedule For Convention

Final plans have been completed for the September 29-October 1 assembly of Jehovah's Witnesses in Evanston according to David Mitchell, presiding minister of the Antioch Congregation.

Mitchell said that the 1,300 expected delegates are going to Evanston "to learn something new, but in order to do so they are going to have to take a fresh look at something old." The purpose of the assembly is to give Jehovah's Witnesses additional training in the Bible and Bible teaching methods.

The assembly will be called to order at 6:45 p.m. Friday evening, September 29, at Evanston Township High

School, 1600 Dodge, Evanston. Saturday the conventioners will move to the Foster Community Center, 1655 Foster, Evanston, for the remainder of the assembly. Highlight of the Saturday afternoon program will be a baptismal ceremony.

Sunday, October 1, 3 p.m., Manera will deliver the public talk, "Will God Intervene in Men's Affairs?" Peak attendance is expected at this time.

School, 1600 Dodge, Evanston.

Among those who are expected to attend are Mrs. Ellen Pieper, 337 Bridgewood Drive, Antioch; Mr. and Mrs. Ralph Dowell and children, Ralph Jr., Mary, and Margaret, Route 3, Box 732, Antioch; Mr. and Mrs. David Raymer and children, Randy and Robin, Box 232, Spring Grove; and Mr. and Mrs. William Mitchell and son, Michael, 51 North Pistakee Lake Road, Fox Lake.

Mitchell also announced that all local meetings would be canceled the week of the assembly.

# "Back To School Night" Next Wed.

Parents whose children attend Antioch Community High School will become students again Wednesday evening, October 4, at "Back to School Night" at ACHS.

Everyone is cordially invited to attend an Open House at the school. Parents will be given their child's class schedule enabling them to follow their child's footsteps, sit in the same classroom and meet their teachers.

Schedules will be distributed beginning at 7:45 p.m. and a general assembly in the auditorium will begin at 8 p.m.

Mrs. Homer White, PTA president, will conduct a short business meeting and introduce the PTA officers.

Warren Polley, Assistant Superintendent, will explain the program schedule for classes, which will begin at 8:30 p.m. Each class will be five minutes in length with five minutes passing time. The class schedule will be followed by a Social Hour in the cafeteria.

Many displays of equipment and students' work in all areas will be displayed by the various departments. Student council members will serve as hall guides. Cafeteria manager Florence Brown and the cafeteria staff will be in charge of serving refreshments. They plan to serve 400 teachers, staff and parents with pie and coffee.

## Women May "Learn To Earn"

The fourth "Learn to Earn" forum for women who desire to work for wages or community service credit will be held on Saturday, October 7 at the West Campus of Waukegan Township High School, 2325 Brookside Avenue, Waukegan. The Forum is sponsored by the Altrusa Club of Waukegan and the Adult Evening School of WTHS. The registration fee is \$2.00.

Purpose of the Forum which begins at 9 a.m. and continues through the lunch hour (each participant brings her own sandwiches) until 3 p.m. is to help women of any age return to satisfying employment or to find out where and how to do needed volunteer community service.

The keynote speaker, Miss Mary C. Manning, Regional Director, Women's Bureau, U. S. Department of Labor, Chicago, will discuss "Challenging Job Opportunities in the Years Ahead." This will

be followed by a panel discussion "Local Job Opportunities." The participants in this panel will be local employment leaders from the Federal Government, Hospitals, Industry, Public Schools, and the Labor Market.

During the noon hour opportunity will be available for counseling and discussion with panel members and other specialists. The afternoon session will include discussion groups on Testing, Training, and Volunteer work.

Anyone interested may register for the Forum at the door, or at the Waukegan Adult Evening School, 1011 Washington Street, Waukegan or by calling Miss Alice Atwood, Ma 3-8933 Past President and Forum Director.

### Theft Rate Soars

Thefts in Lake County are increasing, and apparently little, if anything, is being done about it.

News reports tell of new break-ins almost daily. Particularly noticeable is the increase in thefts from homes of such items as TV's, radios and other small electrical appliances. These are things that can be easily transported and easily re-sold with little chance of police tracing them.

Also increasing is thefts of boats and motors, always troublesome in the lakes area.

Formerly, a rash of thefts usually ended in the arrest of a group of youths. The arrest served not only to end the activities of that particular group but deterred other thieves.

Some figures of the sheriff's office tell the story of the increase in thefts, and of the remarkable lack of activity in solving them.

In July, 1967, 46 cases of burglary with forced entry were reported to the sheriff's office. In 1966 in the same period, 19 were reported. This year, one of the 46 cases was solved and an arrest made; in 1966, 3. The total number of such cases reported in 1967 to the end of July was 221; in 1966, 198. In cases of larceny, \$50 or over, in July, 1967 twenty-nine cases were reported to the sheriff's office and one solved; same period in 1966, 14 reported and 9 solved.

Auto thefts apparently remain almost constant. July, 1967 shows 5 reported, 5 solved, but remarkably, no arrest made. July, 1966 shows 7 auto thefts with five solved and five arrests made. The total to the end of July for 1967, 35; for 1966, 39.

In other crimes such as assault, rape and armed robbery the incidence of crime seems to stay almost constant.

Maybe one reason so little is being accomplished in discouraging the type of hoodlum who breaks into homes is the demotion of men who failed to support the sheriff in his campaign for election. Rounding up this type of criminal is a special skill plus a willingness to spend a lot of off-duty time following leads. If this is one of the reasons, we'd like to see anyone with any ability in this line re-instated. It would be nice to be able to leave home for an evening without wondering what will be gone when we return.

### Courthouse Notebook

BY LOU DURKIN

Action of the Republican State Central Committee, last week in voting against a nominating convention for GOP candidates at the state level for next June's primary has apparently killed any suggestion for such a convention but the County Chairman's Association has not given up the fight as yet.

Many of the county chairmen feel that victory in 1968 depends on the nomination of candidates who can be sold to the voters and they are fearful of primary contests that will add new schisms within the party ranks.

There has been talk of a rump convention of county chairmen who would endorse candidates for state office, but it is unlikely the local bosses would openly defy the state central committee.

Elimination of the state nominating convention does not entirely eliminate the possibility of a county convention, however, and those who supported the convention idea in 1966 can be expected to come out in favor of another "enclosed" primary in 1968.

Some of the sub-contractors who worked on the first phase of the new county building complex are grumbling because they have not received full payment for their work even though their part of the building was completed several months ago.

One in particular has had \$40,000 coming on final settlement for seven months and he is less than happy with the delay.

He was the low bidder in his field for the second phase of the complex and has been given the contract, but he indicated he may withdraw.

He is especially displeased because he can't seem to get a firm commitment from the Lake County Building Commission, the architect or anybody else concerning the ultimate payment.

The selection of former Gov. William G. Stratton as the principal speaker at the golf outing and dinner slated for October 4 by the Antioch Township Republican Club is certain to spark new talk about the ex-Governor's political plans for the future.

There are many long-time Stratton followers who are anxious to see him return to the political wars and even if he does not seek an elective office they would welcome his leadership in lining up behind one of the candidates for state office.

Despite eight years absence from the political spotlight Stratton still wields considerable influence in party circles and he would be a powerful addition to any candidate's camp.

And it is not beyond the realm of possibility that he might step forward as a unifying force if it appears the state primaries are going to be too divisive.

The golf outing at George Diamond's Steak House will honor two favorite Antioch sons, State Representative W. J. Murphy and Supervisor Lloyd Murrell, who is also serving his second term as

**Your Congressman Reports....**

By Cong. Robert McClory

The President and the Congress are juggling a hot potato popularly known as a "10% tax surcharge." Back in January, when the President delivered his budget message to the Congress, this proposal was announced originally as a "6% surcharge." More recently, in a special message, the President boosted the rate and revealed some glaring miscalculations in his earlier budget estimates.

What irks many Members of Congress is that the President lays responsibility for our fiscal dilemma at the congressional doorstep. The Congress, on the other hand, is demanding a reduction in Federal expenditures—which the President alone can control.

The dilemma on Capitol Hill is complicated when such free enterprises as the National Association of Home Builders and the American Bankers Association declare that a 10% surcharge is fully justified. However, these and other organizations appear to be primarily interested in the welfare of their own members. They appear to feel that the Administration is determined to spend in excess of its current revenues, and that if the difference is not raised by taxation the Government will be competing for available credit with the banks and homebuilders and will, so to speak, "dry up" the money market.

Fortunately, spokesmen for the United States Chamber of Commerce and literally dozens of other business and taxpayer organizations have emphasized that the solution lies in a reduction in government spending. Walter Winter, Vice President of the United States Chamber, testifying before the House Ways and Means Committee, pointed out that a Treasury deficit could be financed by short-term borrowing. He stated that any resulting increase in interest rates would help the balance-of-payments problem without draining funds from savings and loan associations and other lending institutions. He called also for "immediate major cuts in nonmilitary spending."

The sharpest blow to the administration's plan was voiced recently by Senator William Proxmire of Wisconsin, Chairman of the Joint Economic Committee. On the floor of the United States Senate he pointed out, dramatically, that the Administration could cut federal spending presently by \$9-billion and avoid any increase in taxes. Even more explicitly, Senator Proxmire designated specifically where the Administration cuts could be made: (a) public works, (b) space program, (c) reduced military expenditures in Western Europe, and (d) postponement of the super-sonic transport project.

Although the Administration appears not to have an answer to the Senator's proposal, it is driving with headstrong determination toward this new "temporary tax, which it has named innocuously as a "surcharge."

The hot potato juggling is apt to continue for several weeks to come, with the prospect of a tax increase becoming more and more un-

#### Letters to the Editor

Dear Editor:  
I am writing this letter in the hope that your readers will do something to curb the use of guns around our homes, over here at East Loon Lake and surrounding areas. My son has been hit by a 22 cal. bullet and has spent 2 1/2 hours in surgery to repair the damage, and we still do not know how well he will be. Every year more and more people take up the sport of shooting around our homes. I was told that a 22 cal. bullet can kill a mile. Do you realize you can get hit sitting in your own house and be killed or crippled for life? How about the youngster who is using a .410 or a 16 gauge or a 12 gauge shotgun, all deadly at close range? If you have anyone in your family who is using a gun please do something about it, as the agony is great for the family who gets hurt and the family who is responsible. It is illegal to shoot guns in a subdivision; and our subdivision is posting signs to that effect. There are trap ranges for shooting. Please try to do whatever you can in your subdivisions, so that you won't have to go through the heartache I am going through. Thank you.

Sincerely,  
Mrs. Ernest DiLabio

likely as the debate continues.

The dilemma in the White House is intensified by a seeming desire to placate the critic of the Vietnam war by promising more and more Great Society "goodies." Thus, the "doves" are being urged to support the tax surcharge in order to continue and, indeed, augment domestic programs. At the same time, the "hawks" are informed that the tax surcharge is fully justified in order that the war against Communist aggression may be successful.

To the President, these disparate views may seem neither alarming nor inconsistent. Nevertheless, they help to explain the intense struggle between Capitol Hill and the White House and why such an unorthodox economic philosophy may be jeopardizing our national economy.

## Solar's Fearless Forecast Nixes Severe Winter

### Planning Board Holds Dance

The Senior Planning Board of the Girls Scouts held their Fall Dance, Sept. 23 at the meeting rooms of the First Savings & Loan of Zion. The theme of the dance was "Gettin' Together."

Music was provided by an All-Girl Band, the Blue Syde. Members of the band are Lillian Stempling, lead guitar; Veronica Stempling, Round Lake, drums; Jessie Coon, Waukegan, bass guitar and Cindy Hills, Antioch, organ. Carol Aquilla, Round Lake, is manager of the band and a member of Senior Girl Scout troop No. 134 of Round Lake.

Margaret DeVries, past president of the Planning Board, was honored with a cake. Refreshments were served by Antioch Troop No. 110; band arrangements by Round Lake Troop No. 134, and Decorations by Waukegan Troop No. 94.

Explorer Posts in the area were invited. New officers of the Senior Planning Board are Chris DeVries, Antioch Troop No. 110, president; Pat Holimon, Antioch Troop No. 110, vice president; Barbara Kaye, Waukegan Troop No. 94, secretary, and Lou Colbert, Antioch Troop No. 110, historian.

**TROOP 110 HAS EXHIBIT**  
Senior Girl Scout Troop No. 110 of Antioch had an exhibit at the Open House Sunday, Sept. 24, at the Council office in Waukegan. Darlene Borecky, Chris Johnson and Pat Holimon were hostesses along with girls from other troops.

aches and ailments of the feet, you might think that his forecasts are predicated on how many painful corns he has dealt with recently. However, this is not the basis of his weather knowledge.

Dr. Solar is also a passionate lover and pursuer of mushrooms in his spare time. He roams the woods and fields on every occasion looking for his favorite food and the condition of the mushroom crop is the factor that tips him off as to what the seasons will bring.

We're going to have an early, mild winter, says Doc. That heavy snowfall that Mather Kyrilits predicted for November 1 simply isn't going to happen.

We won't get a really hard freeze until January, says Doc. Frequent snows, but none of the heavy snows that marked last winter.

The coming winter will be similar to the 1966-67 winter minus the record snows, says our weather expert. In November we'll catch up to normal or above moisture.

October, says Dr. Solar, will be a month of pleasant weather.

While predicting the weather, Dr. Solar adds a word of caution for mushroom hunters: There is a variety of mushroom now plentiful that looks good but isn't good for eating. Warm weather has stimulated their growth. So know what you're picking, if you're going to hunt mushrooms.

Not all the people trying to keep up with the Joneses are social climbers. Some are bill collectors.

**BIRTHS AT LOWEST LEVEL**  
Live births in Illinois reached their lowest level in 16 years during 1966, a special report of the Illinois Department of Public Health has revealed.

For the first time since 1950, birth dropped below the 200,000-a-year mark with a grand total of 199,289. The highest record of births was in 1959, when a total of 239,871 were recorded. The records are kept by the Health Department's Bureau of Statistics.

The same report also listed the number of deaths in Illinois at the highest peak for the same period. Deaths were listed at 109,448 in 1966. Lowest in the 16-year period was 92,260 in 1950.

**YOU'RE NOT ALONE**  
"The American Automobile Association reveals that last year 2,671,000 drivers ran out of gas, 837,000 locked themselves out of their cars, and 2,860,000 had to yell for help when they got stuck in snow or mud. So the next time one of these little catastrophes befalls you, don't feel so badly—you're not the only one."—The Mommence Progress-Reporter.

# 300 Give Rescue Squad A Boost

The Antioch Rescue Squad Golf Outing got a helping hand from the weatherman last Wednesday. It was a beautiful day for golf and about 150 golfers turned out. Three hundred were present for dinner in the evening at the George Diamond Country Club.

John Teresi, of Teresi Chevy-Olds, had promised a new car to anyone who could make a hole in one on the fourth hole. Despite many attempts, no one won the car. Next year, says 'Big John,' he's going to donate the car to the Rescue Squad, as no one seems to have any luck winning it.

A color TV was given to the golfer who came closest to the cup on the fourth hole. It was won by Art Baffis of Chicago, whose ball was six feet from the cup.

The TV was donated to the squad by Bob and Bill Wilton and Lew Simon.

The Rescue Squad Golf Outing and dinner is an annual event, with all the proceeds going to help support the Antioch Rescue Squad in its work.

With an extra hazard in the form of Rescuer-Anne in front of his tee, Nick Badame drives the ball in an attempt to win a car at the Rescue Squad Golf Outing.

Fran Walpole might have won that car at the Rescue Squad Golf outing if she hadn't had so much "help" from John Teresi and Carl Seemann.

"Just relax and swing," advises Big John as Stan Toton gets ready to play the fourth hole. Left to right, Ev Oftedahl, Stan Toton, Carl Seemann and Big John Teresi.

## "Back To School Night" Next Wed.

Parents-whose children attend Antioch Community High School will become students again Wednesday evening, October 4, at "Back to School Night" at ACHS.

Everyone is cordially invited to attend an Open House at the school. Parents will be given their child's class schedule enabling them to follow their child's footsteps, sit in the same classroom and meet their teachers.

Schedules will be distributed beginning at 7:45 p.m. and a general assembly in the auditorium will begin at 8 p.m.

Mrs. Homer White, PTA president, will conduct a short business meeting and introduce the PTA officers.

Warren Polley, Assistant Superintendent, will explain the program schedule for classes, which will begin at 8:30 p.m. Each class will be five minutes in length with five minutes passing time. The class schedule will be followed by a Social Hour in the cafeteria.

Many displays of equipment and students' work in all areas will be displayed by the various departments. Student council members will serve as hall guides. Cafeteria manager Florence Brown and the cafeteria staff will be in charge of serving refreshments. They plan to serve 400 teachers, staff and parents with pie and coffee.

## Women May "Learn To Earn"

The fourth "Learn to Earn" forum for women who desire to work for wages or community service credit will be held on Saturday, October 7 at the West Campus of Waukegan Township High School, 2325 Brookside Avenue, Waukegan. The Forum is sponsored by the Altrusa Club of Waukegan and the Adult Evening School of WTHS. The registration fee is \$2.00.

Purpose of the Forum which begins at 9 a.m. and continues through the lunch hour (each participant brings her own sandwiches) until 3 p.m. is to help women of any age return to satisfying employment or to find out where and how to do needed volunteer community service.

The keynote speaker, Miss Mary C. Manning, Regional Director, Women's Bureau, U. S. Department of Labor, Chicago, will discuss "Challenging Job Opportunities in the Years Ahead." This will

be followed by a panel discussion "Local Job Opportunities." The participants in this panel will be local employment leaders from the Federal Government, Hospitals, Industry, Public Schools, and the Labor Market.

During the noon hour opportunity will be available for counseling and discussion with panel members and other specialists. The afternoon session will include discussion groups on Testing, Training, and Volunteer work.

Anyone interested may register for the Forum at the door, or at the Waukegan Adult Evening School, 1011 Washington Street, Waukegan or by calling Miss Alice Atwood, MA 3-8933 Past President and Forum Director.

In its 165 hospitals, six independent outpatient clinics and three outpatient clinics where no VA hospital is located, the Veterans Administration employs 16,000 registered nurses plus 26,000 nursing assistants, including more than 3,500 licensed practical nurses.

## Give Schedule For Convention

Final plans have been completed for the September 29-October 1 assembly of Jehovah's Witnesses in Evanston according to David Mitchell, presiding minister of the Antioch Congregation.

Mitchell said that the 1,300 expected delegates are going to Evanston "to learn something new, but in order to do so they are going to have to take a fresh look at something old." The purpose of the assembly is to give Jehovah's Witnesses additional training in the Bible and Bible teaching methods.

The assembly will be called to order at 6:45 p.m. Friday evening, September 29, at Evanston Township High School, 1600 Dodge, Evanston.

This committee, along with the Manufacturing Export Advisory Committee, will establish an overseas office for our products, and also tourism.

Saturday the conventioners will move to the Foster Community Center, 1655 Foster, Evanston, for the remainder of the assembly.

Highlight of the Saturday afternoon program will be a baptismal ceremony. Sunday, October 1, 3 p.m., Manera will deliver the public talk, "Will God Intervene in Men's Affairs?" Peak attendance is expected at this time.

Among those who are expected to attend are Mrs. Ellen Pieper, 337 Bridgewood Drive, Antioch; Mr. and Mrs. Ralph Dowell and children; Ralph Jr., Mary, and Margaret, Route 3, Box 732, Antioch; Mr. and Mrs. David Raymer and children; Randy and Robin, Box 232, Spring Grove; and Mr. and Mrs. William Mitchell and son, Michael, 51 North Pistakee Lake Road, Fox Lake. Mitchell also announced that all local meetings would be canceled the week of the assembly.

## Joan Wagner Weds Charles Prai

A nuptial mass at St. Peter's Church in Antioch on Saturday, Sept. 16, united Joan A. Wagner of Antioch and Charles A. Prai of Omaha, Nebraska.

The bride was given in marriage by her father in a double ring service with the Rev. Thomas McGovern hearing the marriage vows.

The bride is the daughter of George Wagner of 1082 Victoria St., Antioch. The groom is the son of Mr. and Mrs. Albert Prai of 1821 Ontario St., Omaha, Neb.

The bride wore a traditional gown of pearly tulle, long buttoned tapered sleeves and an empire waist. A lace accentuated the bodice and the top of the A-line skirt and detailed the detachable chapel-length circular train which extended from the waist. A pearl, lace and tulle plateau held her three-tiered illusion veil. She carried a cascade bouquet of white orchids, stephanotis and ivy.

Corrine Koland, Twin Lakes, was maid of honor. She wore a floor-length lime-green sheer cape over tulle, with an empire waistline accented by a bow and flowing back. She carried a cascade of bronze pompon mums.

Kenneth Moffitt, brother-in-law of the groom, was best man. Sigmund Koland, Twin Lakes, was usher.

Special music was provided by Mrs. Victor Ottalino, organist and soloist.

(By Sally Whitney)

Senior Regent Jerri Polson gave a report to the chapter at the Sept. 7 business meeting of the Handbook Session held in Rockford, that she and four other officers attended on August 20.

The College of Regents were happy to report on the success of their Coffee Break Sept. 20 at the Jane Meyer home. The 55 ladies, that came, in spite of the rain, enjoyed games and prizes and each kept the coffee cup and saucer of their choice.

Officers Jerri Polson, Catherine Kloth, Erna Toft and Lillian Birdsell will attend the Moose convention in Peoria on Sept. 29, 30 and Oct. 1.

The audit committee will hold their "Christmas in October" walk at the Oct. 5, chapter meeting. There is a list of small gifts to bring on the bulletin board in the Moosde Lodge.

## Post 703 To Host Wounded Veterans

The Lake Region American Legion Post No. 703, of Fox Lake will sponsor a trout fishing contest for 45 to 50 wounded Viet Nam veterans from Great Lakes Naval Hospital Tuesday.

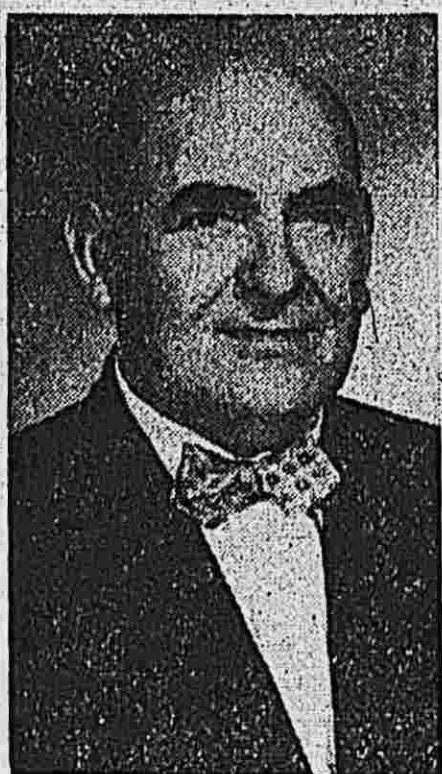

Harold Meyers, Post chairman of the weekly Viet Nam outings, said the event will be held at the Boone Creek Springs Trout Farm located one mile west of McHenry. This contest will run from 10:30 a.m. until 5 p.m. and a

host of top prizes will be awarded.

Following the fishing, the veterans will be returned to the Fox Lake Legion Home, where they will be treated to a cook-out deluxe. Later, a floor show will be presented and dancing will follow to a live combo with young ladies from the area.

The Vets love to fish and have made some excellent catches at the Legion Home, which has a shore-line of some 685 feet. They have had good catches of bluegills, stripers, crappies, bass and northern and now are going to try their hand at trout fishing. The Vets have also greatly enjoyed the boat rides each Tuesday through the various parts of the Fox Chain O' Lakes.

Meyers reports that the Lake Region Post has been conducting these weekly outings for the Viet Nam veterans since early June and has entertained 689 patients so far this summer with more to come. The Post entertained almost a thousand patients from the hospital during the summer of 1966.

## Lecture At Christian Science Church

A Christian Science lecture by Francis William Cousins, C.S.B., of Manchester, England, will be presented to the public in The Christian Science Church at Antioch, located on Rte. 173 and Beacon Hill Dr., on Friday, October 13, beginning at 8 p.m. Doors open at 7:30 p.m.

Mr. Cousins is an experienced teacher and practitioner of Christian Science, as well as a member of the Board of Lectureship of the First Church of Christ, Scientist, in Boston, which is sponsoring his appearance here.

A native of London, Mr. Cousins was formerly associated for many years with a firm of West African merchants. He resigned from business in 1951 to devote full time to the public practice of Christian Science healing.

His lecture is titled "Christian Science Reveals the Good That Is Available to Mankind." It lasts for 25 minutes. Admission is free and everyone is welcome.

## New Executive Officer At ESO

Captain Samuel R. Simpson, Jr., Supply Corps, USN, formerly Supply System Officer on the Staff of Commander Service Force, U.S. Pacific Fleet, became Executive Officer of the Navy electronics Supply Office at Great Lakes, Ill., on Sept. 5.

The Navy ESO, where Captain Simpson is now second in command, procures about \$165,000,000 worth of electronic repair parts annually to maintain Navy and Marine Corps electronic systems in top operating condition.

## Soccer Double-Header At Wonder Lake Field

Spectators at last Sunday's soccer games at Wonder Lake got a rare treat—they saw two fine games in one afternoon.

The games were played at Christ the King field. The Crystal Lake Bombers beat the Rockford "B" team, 2 to 1, while the Rockford Lions downed the Wonder Lake Mustangs, 1 to 0.

Crystal Lake had problems for a while when several of their players left for college, but they now have a full team of permanent players again and will be playing regularly. Hans Reinhardt is now manager of the Bombers.

The Mustangs had player problems last Sunday. Having lost their regular goalie, Ron Zizzo, now back in college, Albert Van Berkum and George Taylor took turns filling Zizzo's position. In addition, two regular players, Bob Lees and Eduardo Carrasco, were absent. Their places were filled from the bench. The Mustangs were

## Central High Board Outfits Football Squad

The Board of Education of Salem Central High School employed Wayne Griffiths as transportation supervisor to fill the vacancy created by the resignation of Kenneth Johnson at the meeting of the board Sept. 12.

The board decided to go ahead with repairs to the roof of the school after hearing details from Harold West an a representative of Carlson-Racine-Roofing Co.

So many boys turned out for football at Central this year that there was a shortage of equipment. The board approved the purchase of additional equipment to outfit the balance of the squad.

Central High board members will attend the 1967 WASB regional meeting at Muskego on Tuesday, Oct. 3.

## Otto Takes Feature Race

Rodger Otto of Burlington, the newly crowned modified stock car champion of the Lake Geneva Speed Center, proved himself to be just that as he made up a large loss of distance in the 30-lap feature race and won going away from Jr. Dodd of Waukegan.

Dodd had taken the lead when Bill Bohn of Kenosha had engine trouble while leading the race. Otto in winning, topped off a near perfect night as he also set a new 10-lap track record in winning the third heat race over Tom Anderson and Jr. Dodd. His average speed of over 61 mph topped that set by Fuzzy Fassbender of Hartford in August at the Speed Center.

The first 10-lap heat race saw Rango Messel of McHenry take the lead when Jim Cameron of Round Lake spun out. Fans were wildly cheering for Rango to get his first win but Don Ketel passed and got to the checkered flag first.

Jim Sullivan of Antioch took the checkered flag for victory trip in the second heat but was involved with

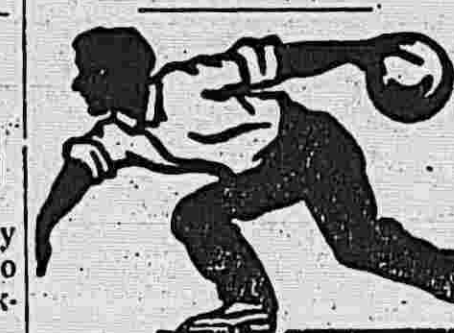

Rango in a spin in the feature race that soon had him sidelined after the second restart.

Ron Bergsma, the night's fastest qualifier in the modifieds, finished third in the feature race ahead of Duane Harris and Don Sorce.

Rick Schuyler of Jefferson, won the late model stock 40-lap Season Championship race, but Gary Drews of Lake Geneva won the Season's Title. Drews had to sit out the late model race when his car had trouble before and after an accident on the first lap of the feature event.

Racing continues at the Speed Center with the modifieds and late models this coming Saturday night. The Spectator Stocks will also be in action in the first annual Spectator Stock Survivor Race for 50 laps. The race could end sooner if only one surviving car is running. A ladies powder puff race will also be included.

Starting Sunday, October 8, stock car racing will be held in the afternoon following drag racing at the Speed Center's drag strip.

## Change now to gas heat. It makes sense.

Because gas heat is by far your greatest heating bargain. (With the money you'll save, you'll smile all the way to the bank.)

Because we'll finance your conversion, give you up to 5 years to pay, with payments as low as \$3 a month. No down payment needed. (It's so easy, you'll want to add gas air conditioning too.) Your local heating contractor will arrange details.

Because you don't have to worry about it. Gas heat is automatic, needs little maintenance. And, since gas is piped underground, let it snow—you'll have no delivery problem.

Because gas heat is clean heat. It's the choice of nearly 85% of the homes we serve.

## Sequoits Blank Lake Zurich, 12-0

Four pass interceptions sparked Antioch's Sequoits to a 12-0 win over Lake Zurich at the Antioch Athletic field last Saturday.

Touchdowns were scored by Karl Jennrich, in the first quarter, and Dave Camp in the fourth quarter.

A pass interception by Bill Blecke on Lake Zurich's 34-yard line set up the first touchdown. With 4:07 left in the first quarter, quarterback Gregg Drije threw an 8-yard pass to End Karl Jennrich for the score. Don Effinger's attempt to kick the extra point was blocked by Lake Zurich.

Neither team was able to reach the goal line in the next two quarters, although Lake Zurich aided by a roughing-the-kicker penalty, reached Antioch's 25 yard line. A pass into the Sequoits' end zone by Lake Zurich was intercepted by Jim Short, who ran the ball back to Antioch's 20-yard line. The Sequoits drove down the field on a succession of first downs, with Dave Camp finally carrying the ball over the goal line from the five yard line. The pass-for-the-extra-point was incomplete.

Bill Nader, back in the game after being benched with an injury, was the Sequoits' leading ground-gainer, gaining 84 yards in 15 carries. Steve Owens, junior halfback, carried the ball 15 times to gain 54 yards.

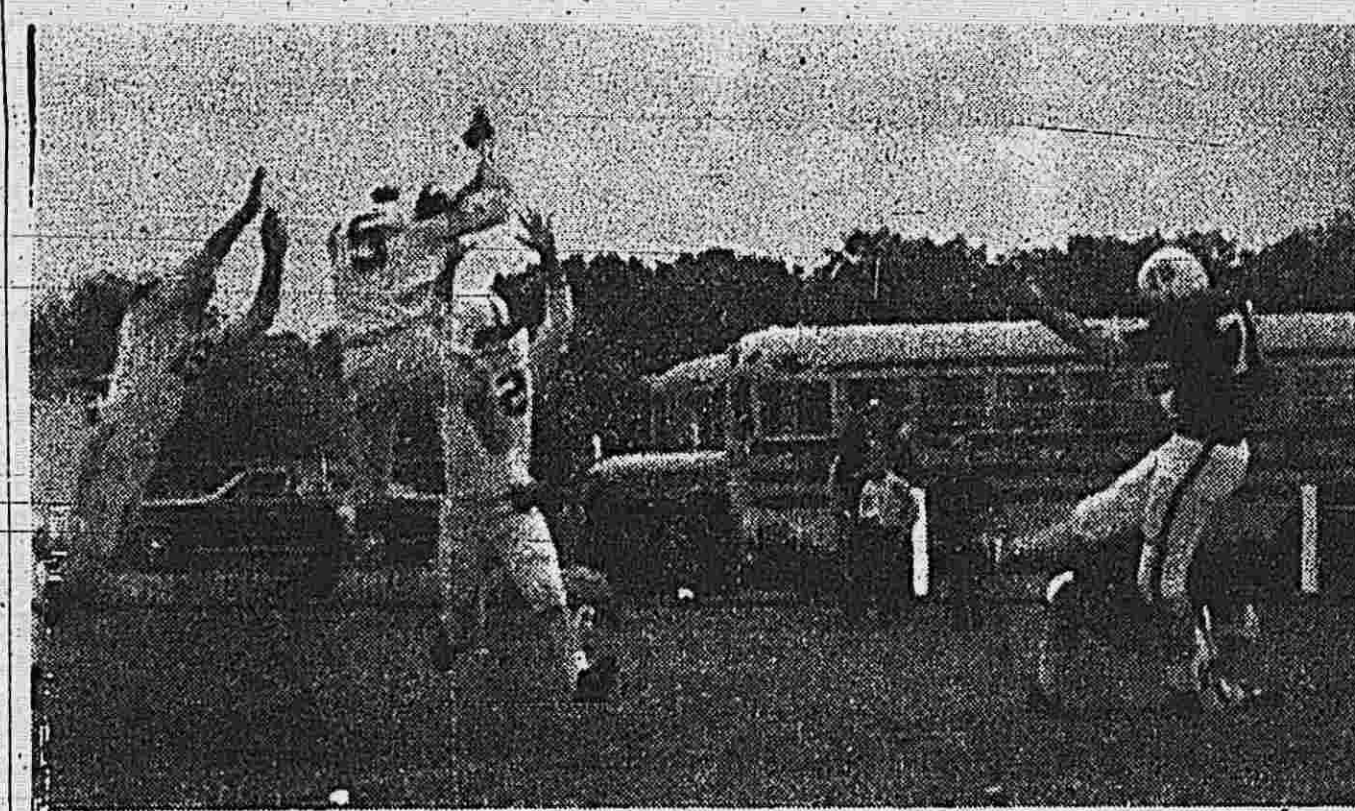

Mike Mazer, who had been doing a fine job at blocking, was knocked out of the game with a pulled ligament in his left shoulder.

The Sequoits gained 190 yards on the ground and 46 in the air. They lost 70 yards in penalties. Coach

Nelson commented, "We cut the penalty yardage in half from last week, but we'll have to do even better. Smith, Jennrich, Effinger and Mazer put the pressure on Lake Zurich's passers and kept them from getting set.

The juniors are starting to shape up."

Antioch will meet Grant at Grant next Saturday under the lights, with the sophomore game starting at 6:30 p.m. Grant was mauled by Lake Forest last week, 33 to 13.

Lake Zurich players successfully block a punt by Don Effinger.

## Kalous Takes Feature From Top Four Drivers

It was season Championship races Saturday night at the Waukegan Speedway, but the top four drivers failed to finish the fifty-lap race as Dan Kalous scored a decisive win. Also included on the card was Volkswagen racing with Art Dexter taking the wild feature in that division.

When Ralph Sinnen spun in the second lap and scattered the field, it left Tim Seyl and Norm Zenko running in the top positions with Kalous streaking into third.

Al Gutche fell by the wayside on the fifth lap and Dennis Burgan was out with a broken axle two laps later.

Zenko took the lead in the tenth lap with Kalous in hot pursuit. By the halfway point Zenko had piled up a half lap lead and it looked like a happy end to Zenko's dismal season. Mike Wolff was third by this time with Cossman in fourth and challenging.

Cossman passed Wolff, but then overheated and retired before the 30 lap mark. Several laps late Zenka broke a tie rod and the car would steer with only one front wheel. Lap after lap his lead dwindled until his entire front end collapsed in the 38th lap sending Kalous home free for the win.

Mike Wolff stalled right at the finish line with eight laps remaining, and that called for the red flag. On the restart Kalous was in the lead with Seyl now second and Sinnen in third. Sinnen caught Seyl with two laps to go and finally took second spot on the final straightaway.

Jim Cossman, even though he finished twelfth in this

big race, still retained his driving title by a healthy margin over arch-rival, Dennis Burgan.

Art Dexter came from the rear of the 16-car field to win the Volkswagen feature, taking the lead with just five laps remaining. The races proved so popular that they will be in action again next Saturday and Sunday nights at the Speedway. Also next Saturday there will be a demolition derby to conclude the Saturday night racing at Waukegan for the 1967 season.

### SUNDAY'S RACES

Roger Von Otto defeated John Reimer in a thrilling feature Sunday night at the Waukegan Speedway with the very car that Reimer drove to the championship last season. Fred Zack finished third.

Jim Bozeman took another nasty flip in his yellow No. 73 modified when he tried to pass Horton in the third heat race. The two tangled in the fourth turn with Bozeman taking several snap rolls and finally landing on the roof. He was unhurt. Bozeman finished seventh in the season's point race at Waukegan, even after his hair-raising flip in July that put him in the hospital for several days.

Art Dexter came all of the way from the rear to pass Frank Deane on the very

last lap. Getting some special coaching from assistant coach Morris Tharp are five sophomore gridders who are important to the team's performance this year. Left to right, Don Carlson, Guard; Les Surrock, Center; Jim Haley, Tackle; Don Sterbenz, End and Geary Slagle, Fullback, with Mr. Tharp.

## Soph Gridders Swamp Lake Zurich, 43-22

Antioch's Soph gridders swamped the Lake Zurich juniors 43-22 last Saturday at the Antioch Athletic field.

Terry Triplett got the scoring underway by plunging over right guard from the five-yard line. Kevin O'Neill's 32-yard dash around right end brought the second Sequoit TD. A 45-yard sprint by Louie Nielsen after intercepting a Lake Zurich pass brought the score to 19 to 0 at half-time.

Terry Triplett again touched off Antioch's scoring in the second half with a 29-yard dash over right guard, and Kevin O'Neill followed with a 55-yard sprint around left end to make the score 31-0.

O'Neill scored for the third time after catching a 30-yard pass from Louie Nielsen.

Jim Rockow scored Antioch's final touchdown after intercepting a Lake Zurich final straightaway to win the feature event in the special Volkswagen races.

The final races of the 1967 season will be held at the Waukegan Speedway next Saturday and Sunday nights.

## Babe Ruth, Little League Champs Get Trophies

Dale Starkey, manager of the Bankers, and Tom Tossey, Bankers player and the Babe Ruth league's leading hitter. The Bankers were Champs of the Babe Ruth League.

## Rifles Stay In First-Place Spot

With Angelo Diabero converted from split end, and rookie George Sherman operating at quarterback, the Lake County Rifles preserved their unbeaten first place standing in the Southern Division of the Central States Football League by downing the Delavan Reddevils 40-0.

Lake County dominated the game from start to finish, amassing 205 yards rushing and 318 yards passing. Delavan was held to 39 passing yards and 40 rushing yards.

Lake County's defense dropped Delavan's quarterback Keith Hart behind the line of scrimmage time after time. He finished with

minus 47 yards rushing for the night.

Daiero called signals during the first half. He completed nine of 13 passes for 169 yards and one touchdown. Lake County's first score came on a 28-yard run by Diabero, the next on a one yard plunge by Maurice Guins, the third on a 36-yard ramble by Bill Bodle and the final tally of the half was a 28-yard Diabero pass to flanker Warren Nicholas. Wayne Miller kicked three of four extra points to make the halftime score 27-0.

The second half opened with Sherman, former quarter (continued on page 7)

Antioch's Little League and Babe Ruth League combined for their awards banquet last Thursday night, Sept. 21, the culmination of a successful season of baseball for the young fry.

About 300 persons attended the buffet dinner at Oakland School. Bill Hands, pitcher for the Chicago Cubs, was the guest speaker for the evening, and was swamped by autograph requests from the young baseball players.

The champs of the Little League were Gibbs & Jensen Sox, managed by John Warsing. In addition to the first place trophy, each boy on the team received an individual trophy.

Two new trophies were presented to Little Leaguers this year, given by Mayor Ray Toft, who attended the dinner. A plaque donated by the Mayor will be engraved each year, with the name of the Little League champ for that year. The plaque will be displayed in the refreshment booth at the Little League park during the baseball season and will hang in the village hall during the rest of the year.

The second innovation supplied by the Mayor was a plaque for the manager of the winning team, John Warsing.

Mayor and Mrs. Toft were guests of honor at the dinner, as were the Rev. and Mrs. Donald Cobb. The Rev. Cobb gave the Invocation before the dinner.

Winners of the second place trophy in the Little League were the State Bank Tigers, sponsored by the State Bank of Antioch.

Also new this year was the presentation of bracelets to the wives of team managers as a gesture of gratitude for the time they gave the Little League.

Little League President Vern Plotz and Ernest January were re-elected to their positions for next year at a meeting about a week before the banquet.

### BABE RUTH LEAGUE CHAMPS

The Bankers, sponsored by the First National Bank of Antioch and managed by Dale Starkey, were champions of the Babe Ruth league. Dale has managed this team, with virtually the same boys, for three years. This year most of the boys on his team will graduate from Babe Ruth baseball.

A special trophy was presented to Tom Tossey, first baseman with the Bankers and the Babe Ruth League's leading batter. Tom has a batting average of .600 for the season.

### Youth Leagues Need Sponsors & Bowlers

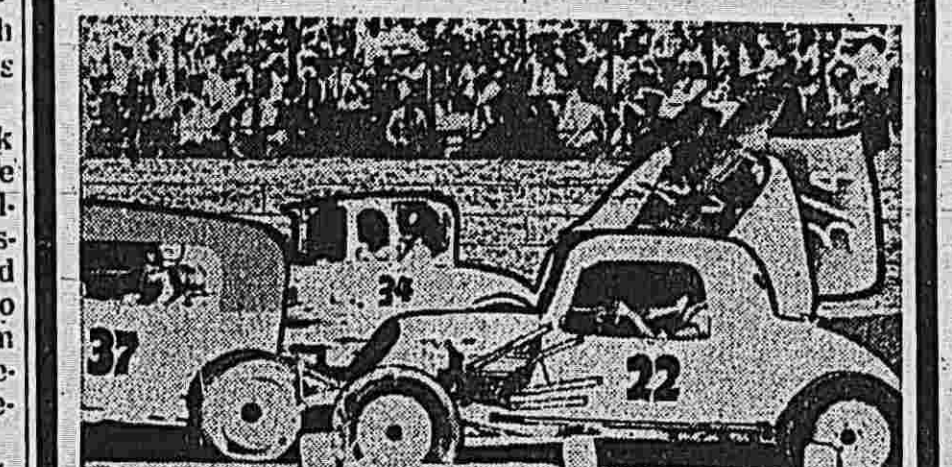

Young bowlers are needed in both the Junior and Banquet leagues. Any youngsters wishing to join may call the Antioch Bowl.

Sponsors are also needed for the children's teams. Cost to sponsors is only the cost of shirts, \$20 per team. Anyone who would be interested is asked to contact the bowling alley.

# JANE PARKER WHITE BREAD ISN'T THE BEST SELLING IN THE U.S.A.

## KNOW WHY?

Because it's not for sale in most stores.  
Only A&P.

And so, it's only one of the ten best-selling breads in the U.S.A.

But what a "ten-bester" Jane Parker White Bread is!  
It's the one that's dated on the wrapper so you can see it's fresh.

It's the one with quality that equals or surpasses the others in the top ten.

It's the one with flavor so good  
it's guaranteed to please your family—unconditionally guaranteed.

It's the one that, chances are, sells for a lot less  
than all the others in the top ten.

And remember, it's the one that's sold only at A&P.

When you think about it, shouldn't A&P be your store?
